### Guidance for Registrants on the Duty of Candour

The Duty of Candour applies to all UK health professionals who are subject to statutory regulation. It means being open and honest with clients when something has gone wrong with their provision of care, which causes or has the potential to cause, harm or distress.

CNHC Registrants are not subject to statutory regulation but it is deemed to be good practice to adopt the Duty of Candour in compliance with the requirement to justify public trust and confidence by being honest and trustworthy.

### Help publicise CNHC's Accredited Register

We produce two leaflets - one aimed at complementary healthcare practitioners, encouraging them to "Stand Up for Standards" by registering with CNHC, and a public information leaflet aimed at people looking for a therapist, explaining how they can "Choose with Confidence" by searching our online Accredited Register.

As in-person events have started again, if you are exhibiting or speaking at an event and would like to help spread the word about CNHC's voluntary Accredited Register, or would like to display some public information leaflets in your practice's reception area - you can order them us free of charge.

Email us at [info@cnhc.org.uk](mailto:info@cnhc.org.uk) stating the leaflet(s) you would like, the quantity required, the date you need them by and where to send them. Please allow at least 4 weeks for delivery as we mail out around once a month.
